Professional Profile

Computer Engineer graduated from the Technological University of Havana (CUJAE), with experience in software development, system customization, technology consulting, and training in digital tools. I excel in problem-solving, teamwork, and quickly adapting to new challenges. I have a portfolio of personal projects that showcase my passion for innovation and continuous learning.

Professional Experience

Backend Developer | Alsoft Pro *February 2025 - Present*

- Designed and implemented scalable RESTful APIs using Django Rest Framework.
- Optimized the performance and security of backend applications.
- Collaborated with frontend and QA teams to ensure the quality and functionality of products.

IT Specialist | Ofertas México (Argentina) *January 2025 – March 2025*

- Developed and maintained e-commerce platforms.
- Optimized systems to improve efficiency and user experience.

IT Trainer | Capacitación Cimex, Havana *October 2021 - June 2024*

- Delivered advanced courses on Excel and productivity tools.
- Deployed and managed web platforms (Moodle, Nextcloud) using Apache.

IT Specialist | Datacimex, Havana *April 2021 - September 2021*

- Fixed bugs and improved applications developed in JSP, .NET, and SQL Server.
- Optimized the performance and stability of existing systems.
